

# PRESERVING THE PAST

## Better Together

### Together We Make A Difference Through Ministry Shares

Understanding and learning from our past can be beneficial in anticipating our future.

Because you were faithful in your ministry giving ... the Archives of the Susquehanna Conference of the United Methodist Church and the Commission on Archives and History hold and preserve our historical documents and records in sacred trust for the conference. The Archives of the Susquehanna Conference, located on the third floor of the Lycoming College Library in Williamsport, Pennsylvania, contains treasures that reflect the history, not only of our denomination and preceding denominations, but also of our country.

Ministry Shares allow the Commission to preserve and celebrate our United Methodist heritage in Central and Northeast Pennsylvania through the archival collections of our conference. The Archives responds to requests for information from individuals, as well as from local churches. These historical collections and online databases are all available to each faith community and congregation.

Contact our conference Archivist, Milton Loyer at [loyer@lycoming.edu](mailto:loyer@lycoming.edu) to find out how your local church can preserve its history and manage its records.
