

Better Together

Together We Make A Difference Through Ministry Shares

Because you were faithful in your ministry giving ... we are able to equip and train volunteers to respond to the unexpected.

The task of disaster response is to prep the people of the Susquehanna Conference for upcoming disasters so that when they occur, we are prepared.

Some of the plans for disaster response in the future are:

- Continuing to form and train Early Response Teams (ERT)
- Forming and training Spiritual Care Teams; these teams will deal with the spiritual aspects during recovery and will either operate on their own or with an Early Response Team (ERT)
- Forming a Connecting Neighbors program; this program will help local churches to prepare their members and community for a disaster

The training expenses of the Susquehanna Conference Disaster Response team are supported through Shares of Ministry. For more information about disaster response, contact our Disaster Response Director, Ron Salsman at rsalsman@susumc.org and please visit our Facebook page at www.facebook.com/SUSDisasterResponse.
