Cost is \$25 • Continuing Education Units —.6

What if empowering and equipping people became the norm in our faith communities? At its core, coaching is about empowering others. This class will cover what coaching is, what it is not, how it is different than mentoring, and much more. Whether you are seeking to sharpen your coaching skills, formally coach others, or simply want to have coaching in your ministry toolbox, mark your calendar to attend this event. Clergy and laity are all welcome.

**Led by Rev. Dr. Deborah Winters,
Coaching4Clergy Faculty**

Participants will find Deb to be engaging with a creative, energetic approach to teaching. Don't miss this opportunity!
