How to Start a Leadership Revolution Video Conference

October 25th 2:00-3:30pm

Leadership. It's influence. It's servant-hearted. Everything depends on it. Nothing happens without it. We've heard the clichés (which are true, by the way). We've read a lot of books. But there still exists a void in our churches. What we need is a workable plan. Simple in structure. Practical and practice-based. One that can work in a church of 70 and 700. One that can turn ministry potential into reality. Our presenter will be Mike Schreiner, pastor of Morning Star Church in St. Louis, Missouri, author of "Stride: Creating a Discipleship Pathway for Your Church", and Keynote speaker at Navigate 2018. You won't want to miss this exciting opportunity. There is a \$10 registration fee.

Simplified Accountable Structure

If your church would like to simplify the ways decisions are made, be more flexible, efficient in its structure, and free up more people to do the ministry of the church, Simplified Accountable Structure may be for your church. As church conferences are approaching now is the time for your church to consider moving to the Simplified Structure so it may be implemented and begin in the new year of 2019. Please visit our website as all the tools to get started are available to you. The Overview, the full training and a link to order the book *Mission Possible*. Continuous Learning Communities

Continuous learning, experimenting, and applying new concepts is vital to keep up with our local contexts and culture. Therefore, learning communities are being offered to help us continue to become or stay relevant, competent, and compelling in order to fulfill our mission of making new disciples of Jesus Christ for the transformation of the world. Get fired up to learn!
