Making plarn sleeping mats

**Saturday, March 9
1-3 pm**

On any given night there are over 14,000 homeless Pennsylvanians. When people sleep on the ground, they're in contact with a surface colder than their body temperature which can lead to hypotheria. To help with this problem in addition to Mission Central's Warm Hearts and Hands kits and Blessing kits we would like to add bedrolls made out of plastic grocery bags.

Each crocheted "plarn" (plastic and yarn) mat takes 500 to 700 plastic bags to complete. Think of all the bags that can be used and not go into landfills. The mats are easy to clean and they don't attract bedbugs or lice.

On March 9 join others to learn to make these mats. All can help with cutting and crocheting Bring size Q crochet hook & rotary cutter and mat if you have them.
