

The mission of YPMC is to raise up students in leadership who **engage, educate, and empower** others to follow Jesus!.

WE ARE:

A group of youth and youth workers from around the Susquehanna Conference. We develop a variety of leadership skills that enable us to lead in our Conference, local congregations, and communities. Our goal is to be the leaders that empower our peers to make disciples of Jesus Christ. We are committed to transforming the world one teenage leader at a time.

JOIN US IF YOU ARE:

Looking to Love and Serve Jesus
In grades 7-12
Work with Youth grades 7-12

The Young People's Ministry Council now has a rolling application process. **Applications to join our The Young People's Ministry Council will be accepted any time.** For the 2021-22 academic year, you could expect to attend two meetings in person, and several other meetings by Zoom and join in our email conversations! If you have questions or would like more information about the Young People's Ministry Council, please email minners@susumc.org.

YPMC seeks students who have been confirmed in the United Methodist Church and are members of a congregation in the Susquehanna Conference. We love to have students who have little experience or lots of experience in leadership. We love students from big youth groups and students with no youth groups at all. If you know a young person who God is calling to leadership, we have a place for them at our table. Please send us these leaders who will help empower their peers to make disciples of Jesus!
