

New Susquehanna Conference UMC Supervisory Areas

Supervisory Area Map

The complete list of Supervisory Areas & Churches (by County) can also be found at susumc.org/new-supervisory-areas

In partnership with the Cabinet and Conference Leadership, the Bishops announced a new supervision model that would establish supervisory areas covered by five district superintendents. [Read More](#)

Beginning July 1, there will be five Conference Superintendents to provide supervisory care and oversight. The supervisory areas will include the areas of the seven districts. Redistricting is not part of this supervisory plan, but rather a reorganization.

The five Conference Superintendents will be: Rev. Dr. Paul Amara, Rev. Brenda Leigey, Rev. Judy Walker, Rev. Dr. Joleen Willis, and Rev. Dr. Gary Weaver. As already announced, Gary Weaver will also serve as the Dean of the new Cabinet.

The following are the Conference Superintendents and their coverage area:

- 1. Rev. Dr. Paul Amara** will cover churches within the **Williamsport District** as well as most churches within the **Lewisburg District**. The office for this coverage area will be the current office located at 2420 Nottingham Road, Williamsport.
- 2. Rev. Brenda Leigey** will cover churches within the **State College District**, as well as portions of the **Lewisburg** and **Altoona Districts**. The office will continue to be at 1200 Haymaker Road, State College.
- 3. Rev. Judy Walker** will cover churches within the **Scranton/Wilkes Barre District** and some churches within the **Lewisburg District**. The office will still be located in the Trucksville UM Church, 40 Knob Road, Trucksville.
- 4. Rev. Dr. Joleen Willis** will cover churches within the **Altoona District** and portions of the **York District**. They will begin to look for office space possibly within a local church in the Altoona Area.
- 5. Rev. Dr. Gary Weaver** will cover the churches within most of the **Harrisburg District** as well as portions of the **York District**. This coverage area will continue to utilize the former Harrisburg District Office in the Conference Center.

As we shift to a new model of supervision, we will also be shifting some district offices. The York office will work toward closure by July 1, 2023. The Lewisburg Office will stay open only through the retirement of the current Administrative Assistant which will be December 2023. She will also provide support to other coverage areas as needed in this time of transition.
